CONTENTS OF VOLUME 79

Volume 79 No. 1 October (I) 2002

D. ŠARAUSKIENĖ / Thermal Regime Database of Ignalina Nuclear Power Plant Cooler – Lake Drūkšiai 1–12

S. BÄCK, J. EKEBOM and P. KANGAS / A Proposal For a Long-Term Baseline Phytobenthos Monitoring Programme for the Finnish Baltic Coastal Waters: Monitoring Submerged Rocky Shore Vegetation 13–27

J.C. CHOW, J.G. WATSON, D.H. LOWENTHAL and L.W. RICHARDS / Comparability between $PM_{2.5}$ and Particle Light Scattering Measurements 29–45

A.M. SAYED, D. AL-AZMI and N.A. KHURAIBET / Measurements of ^{210}Pb Concentrations in Airborne in Kuwait 47–55

G. PASSARELLA, M. VURRO, V. D'AGOSTINO, G. GIULIANO and M.J. BARCELONA / A Probabilistic Methodology to Assess the Risk of Groundwater Quality Degradation 57–74

C.P. JORDÃO, M.G. PEREIRA, C.R. BELLATO, J.L. PEREIRA and A.T. MATOS / Assessment of Water Systems for Contaminants from Domestic and Industrial Sewages 75–100

Volume 79 No. 2 October (II) 2002

G.E. LOUIS and L.M. MAGPILI / Representing Inequities in the Distribution of Socio-Economic Benefits and Environmental Risk 101–119

P.W. RAMTEKE and S. TEWARI / Comparative Study of Fluoregenic and Chromogenic Media for Specific Detection of Environmental Isolates of Thermotolerant *Escherichia coli* 121–127

D.R. KÜLLING, F. DOHME, H. MENZI, F. SUTTER, P. LISCHER and M. KREUZER / Methane Emissions of Differently Fed Dairy Cows and Corresponding Methane and Nitrogen Emissions from their Manure During Storage 129–150

R. RAMESH, R. PURVAJA, S. RAMESH and R.A. JAMES / Historical Pollution Trends in Coastal Environments of India 151–176

A. MOZAFAR, R. RUH, P. KLINGEL, H. GAMPER, S. EGLI and E. FROSSARD / Effect of Heavy Metal Contaminated Shotting Range Soils on Mycorrhizal Colonization of Roots and Metal Uptake by Leek 177–191

L. CHAMPOUX, J. RODRIGUE, J-L. DESGRANGES, S. TRUDEAU, A. HONTELA, M. BOILY and P. SPEAR / Assessment of Contamination and Biomarker Responses in Two Species of Herons on the St. Lawrence River 193–215

Volume 79 No. 3 November (I) 2002

W.Z. LU, H.Y. FAN, A.Y.T. LEUNG and J.C.K. WONG / Analysis of Pollutant Levels in Central Hong Kong Applying Neural Network Method with Particle Swarm Optimization 217–230

G. SZAREK-ŁUKASZEWSKA, K. GRODZIŃSKA and S. BRANIEWSKI / Heavy Metal Concentration in the Moss *Pleurozium Schreberi* in the Niepołomice Forest, Poland: Changes during 20 Years 231–237

M.K. JAIN and N.C. SAXENA / Air Quality Assessment along Dhanbad – Jharia Road 239–250

L.L. GREENWELL, T.P. JONES and R.J. RICHARDS / The Collection of PM_{10} for Toxicological Investigation: Comparisons between Different Collecting Devices 251–273

KA MING WAI and P.A. TANNER / Monitoring Long-Term Variation of Aerosol Composition: A Dual Particle-Size Approach Applied to Hong Kong 275–286

A.M. AL-REHAILI / Outdoor-Indoor Air Quality in Riyadh: SO_2, NH_3, and HCHO 287–300

H. PLAISANCE, I. SAGNIER, J.Y. SAISON, J.C. GALLOO and R. GUILLERMO / Performances and Applications of a Passive Sampling Method for the Simultaneous Determination of Nitrogen Dioxide and Sulfur Dioxide in Ambient Air 301–315

Authors Index 317–318

Volume Contents 319–320
